LEAGUE BLOCKADE PLAN IS APPROVED

Assembly Adopts Report Providing Means of Dealing With Offending States

RESERVATION ASKED

In Protests Scandinavian Plea That Small Nations be Exempt From Acting—Move to Speed up Work

Geneva, Dec. 11.—Machinery for putting the economic blockade into effect, when occasion should call for such action, was discussed by the assembly of the League of Nations at yesterday mornings session.

The proposed machinery, intended as a weapon against an offending State, consists of an international blockade committee of eight members appointed by the council of the League to study the subject of the blockade and report to the secretary general of the council, whom the League has charged with the duty of informing the council of facts which appear to show the covenant has been broken.

On receipt of such information, according to the proposed plan, the council must meet to consider the situation and inform all the members of the League.

These members, say the committee report embodying the plan, shall be in duty bound to take measures to carry out the provisions of Article XVI of the covenant comprising the breaking off of all diplomatic relations except such as exist for purely humanitarian purposes. Where the covenant breaker has a seaboard the council should forthwith consider, says the report, which members can conveniently be charged with the duty of carrying out a marine blockade.

Senator La Fontaine, of Belgium, speaking on the report, made reservations concerning the recommendations in the document that further study be given the Scandinavian propositions that small States bordering on the offending nation should be released from the obligations of the blockade if these States were in danger of invasion. The Belgian delegate declared that all nations great and small must take the same risks in the interest of all.

President Hymans announced it had been decided by the steering committee that in order to complete the work of the assembly by the end of next week speeches should be reduced to 10 minutes each and that two sessions should be held daily, beginning Monday.

It is possible the committee on mandates will not report at this meeting of the assembly of the League of Nations. Members of the committee have indicated it is their view that it is necessary to refer the whole question of mandates back to the council of the League to obtain further information from the Supreme Allied Council relative to this phase of the work of the organization.

When the assembly met this morning, it proceeded to the election of a vice president to succeed Honorio Pueyrredon, head of the Argentine delegation, who withdrew, with his colleagues, from the assembly nearly a week ago.

The program of the day contemplated the completion of the assembly's consideration of the report of the committee on technical organizations. This body recommended that the present international health organization be incorporated in a commission under the auspices of the League.

A resolution demanding that Esperanto be taught in public schools was introduced in the assembly yesterday morning. The conflict which has arisen over the official language of the League resulted in bringing Esperanto before the assembly as a candidate for official recognition, and today's resolution was in line with this movement.

The sponsors of the resolution were Rodrigo Octavio, of Brazil; Senor Restrepo, of Colombia; M. Doret, of Haiti; M. La Fontaine, of Belgium; Antonio Huneus, of Chile; Signor Schanzer, of Italy; Dr. Eduard Benes of Czecho-Slovakia and M. Dowlch, of Persia.

Paris, Dec. 11.—Don Marcello de Alvear, Argentine Minister to France declared yesterday he was perfectly in accord with the attitude taken by the Argentine delegation to the League of Nations assembly in Geneva and that there was not the slightest truth in reports that he intended to resign his post in Paris.

Honorio Pueyrredon, the Argentine Foreign Minister, when asked yesterday whether he considered that Argentina was still a member of the League of Nations, said: "I refuse to answer that question, but you may say that Argentina will be glad to help reconstruct the League at any time it is invited to participate."

Asked whether he meant that he considered the League now as dismantled, Senor Pueyrredon replied: "You may interpret it as you like. The chief objection Argentina has to the League as at present constituted is that it is too much of a super-State in which each country losses too much of its character and individuality."

VETERANS OF THE WORLD WAR

Read the Ten Reasons Why the United States Government Insurance is the Cheapest and Best in the World

1. The premium is a net premium; and is, therefore the cheapest to begin with.

2. The policy is the only perfectly mutual one the world has ever seen.

3. It pays dividends; the present ratio of death losses is only 38 per cent of the expected; meaning a saving of 62 per cent of the amount you paid when in military service.

4. It has the total and permanent disability feature without cost; it is free.

5. The proceeds of the policy cannot be touched by creditors or taxed by city, state or nation.

6. You may reinstate your insurance without medical examination, if you have not been out of the service more than 18 months following the month of your discharge, and your health is as good as when you were discharged or when your policy lapsed; whichever is the later date.

7. To reinstate you need only to pay two monthly premium; but on and after January 1 1921, all must pass a full medical examination at their own expense before they can reinstate.

8. If you are totally and permanently disabled and carry ten thousand dollars' worth of insurance, the Government pays you $57.50 per month as long as you live.

9. If you die, your beneficiary receives the ten thousand dollars in cash, in three installments during three years, or yearly for twenty years, just as you say.

10. An ex-service person 27 years old who has a Government Converted Policy for ten thousand dollars possesses it at a cost of only $2.50 per month; this is $4.15 less than it cost him when he was in the military service.

IRELAND IS PLACED UNDER MARTIAL LAW

Proclamation Embraces Cork and Limerick But Excludes Dublin

TO GIVE UP ARMS

Premier Explains Government's "Double Policy" to House of Commons—Safe Conduct to Sinn Fein

London, Dec. 11.—Martial law has been proclaimed by Dublin Castle over the city and county of Cork, the city and county of Limerick and the counties of Tipperary and Kerry.

In an announcement made to the House of Commons yesterday Premier Lloyd George declared it was the intention of the British Government to put down the lawlessness which for months has been prevalent in Ireland.

Dublin city and the county of Dublin, although they have been the scenes of numerous affrays and of much vandalism, were not included in the district which is placed under martial law, but Mr. Lloyd George told the Commons that if conditions should warrant it the interdicated area would be extended.

Under proclamation, persons who, without authority, posses arms or unauthorized uniforms must surrender them within a certain period or lay themselves liable to trial by court-martial and the death penalty.

The Premier said he was convinced that in all sections of Ireland the majority of the people were anxious for peace and that the Government likewise was desirous of peace and a fair settlement of the questions at issue.

To this end the Premier asserted that the Government would treat with Sinn Fein members of Parliament who had not been "involved in the commission of serious crimes." These Sinn Feiners, he added, would be afforded all protection. The Government, however, would not grant safe conducts to London to such Sinn Fein members of Parliament as had been involved in the commission of serious crimes.

In expressing the determination of the Government to put down disorder in Ireland, the Premier declared it had no option but to continue to intensify its campaign against "the small but highly organized and desperate minority" in Ireland which was "using murder and outrage in order to attain the impossible" and which could bring peace neither to Ireland nor to Great Britain.

The Premier's statement of the Government's willingness to negotiate with the Sinn Fein, which was delivered in his most conciliatory and persuasive manner, created a most profound impression, both inside and outside of Parliament. It probably will be debated in the House of Commons next Tuesday. Although the Premier intimated that he thought it preferable that there should be no debate, it is thought the Liberals will institute the discussion, believing that martial law should not be established in Ireland without the acquiescence of Parliament.

There is no indication as yet whether the Sinn Fein members of Parliament will respond to the Government's offer of a safe conduct to discuss the possibility of a settlement of the controversy. The Sinn Fein members of the Commons from the beginning have resolutely refused to attend a single sitting of the Westminster Parliament, and it is thought they may still refuse to respond to what in the lobbies was characterized yesterday as an offer "with an olive branch in one hand and the bludgeon of martial law in the other."

One of the points brought out in the colloquy which followed the Premier's statement yesterday was that the Government, while it was making no absolute promise, was willing to keep open the door for amnesty, the Premier saying that amnesty was a subject that could be discussed only when peace was restored.

Washington, Dec. 11.—Three former members of the Royal Irish Constabulary, each of whom said he had resigned as a 'protest against British misrule" and later fled Ireland in fear of attack by former comrades, presented yesterday to the commis-

K OF C BASKET BALL WINS INTERESTING GAME

At the Armory Hall Thursday evening the local "Caseys" with their superior passing and better team work succeeding defeating the sophomore team of the Catholic University by the score of 43 to 17. Williams, Hasson and Hayden starred for the "Casey" while the work of Frasco and Reland in the last half was splendid. For the Catholic University the work of Cox at forward was easily the best of the University lads.

At no time did the university lads stop playing, they succeeded in keeping the "Caseys" on the jump all the time.

But three faults were called during the game, clearly demonstrating the clean open playing of the "Casey" team and credit must be given the university boys for their clean style of play.

As well stated, in a recent letter, by the state regent, Dr. Kate Waller Barrett, "while honoring traditions of the past, these labors will assist in holding us firmly to the present and the future." The public generally should be interested in the work of the society since a large part of it is devoted to educational, philanthropic and patriotic purposes.

FREE LECTURE

Dr. Martin to Deliver Second of Series At Trinity Church

The second of a series of descriptive addresses entitled "A Trip Around the Walls of Jerusalem" will be given tomorrow night at Trinity M. E. Church by Rev. Dr. D. H. Martin. The first of his lectures on the Holy Land was given last Sunday and was interesting and instructive. Dr. Martin locates and describes Biblical places and tells the story of events that made these places famous in history.

These talks are given free of charge in order that the poorest people in the community may have the benefit of hearing them. Dr. Martin extends a cordial invitation to the public to attend and is anxious for both Jews and Mohammedans to hear him.

COMMUNITY SOCIAL

At the Y. M. C. A. social tonight at the Westminster Building, three of the acts of the Vaudeville show Thursday will be repeated.

The vaudeville acts that will be used to entertain the crowd will be the "Leaky Valve Quartette," A. J. Rhodes, who will read and the "Light as Air" act which featured Miss Mary Lee Spilman. The quartette surprised everybody at the show Thursday night with their splendid repartee and good singing. Mr. Rhodes has been a willing and competent entertainer in Alexandria long enough to win a faithful following and all will be glad to hear him again.

The "Light as Air" act was a distinct novelty for Alexandria and made a decided hit. Miss Spilman is not new to Alexandria audiences but appeared in an entirely new role as a singer and equilibrist. To say that she completely won her audience would be putting it mildly indeed. She will no doubt be a real attraction tonight.

Railroad May Contest

Washington and Old Dominion Co. Asks for Brief of Recent Case

Indications that the Washington and Old Dominion Railroad will take an appeal to the Interstate Commerce Commission from the decision of the Virginia State Corporation Commission in the recent case in which the company was fined about $1,000 and ordered to make improvements in its service, costing $250,000 were seen yesterday when attorneys applied at the offices of the commission for a certified copy of the record of the case.

Chief Clerk Wilson has been instructed to make the copy of the record of the case for the company and it is believed by the commission that the case will be taken to the highest tribunal rather than submit to the drastic improvements ordered.

For some time it is declared, the company has been paying its stockholders no dividends and therefore any increased investment to capital account would naturally be fought by the parties interested most in a pecuniary way. The Corporation Commission, for the first time in its history, found a railroad guilty of neglecting its duty. It ordered that a large amount of equipment be purchased and many other changes in service.

Paid Million A Day

Vast Payments by American Insurance Companies in 1919

New York, Dec. 11.—More than $1,000,000 was paid out for every calendar day in 1919 by the insurance companies of the United States, William J. Tully, general solicitor of the Metropolitan Life Insurance Company, yesterday told the fourteenth annual convention of the Association of Life Insurance Presidents.

The total amount claimed last year he said was $400,610 916.36 and the total amount to be paid this year, he added, would be much less, because normal health conditions have returned all throughout the country.

Alexander C. Humphreys, president of Stevens Institute of Technology at Hoboken, N. J., addressed the convention on "mental thrift," which he declared is of even more importance to the world at large than material thrift.

William Bremsith, general counsel of the Travelers' Insurance Company of Hartford, Conn.; F. H. Ellsworth, Mich., commissioner of insurance; J. V. E. Westfall, vice president of the Equitable Life Assurance Society and T. B. MacAulay, of Montreal, president of the Sun Life Assurance Company of Canada, also made addresses at yesterday's session.

THE SAFE AND SANE CHRISTMAS

The safe and sane Fourth of July is an accepted institution in most communities, but the safe and sane Christmas lags. The explosive toy and the inflammable Christmas decoration are still popular in spite of bitter experience.

Christmas is the day of days which should be kept free from every avoidable calamity, to be held from youth to old age, in so far as is possible, as the one anniversary around which unclouded recollections cling. This means that nothing should be brought to its celebration which is known to be fraught with danger.

Fireproof decorations are many, beautiful and durable. If any other kind are used, it should be only where they can be absolutely protected from heat or flame. As for the toys which would be dangerous in young hands, why purchase them at all? There are plenty of others to delight the most exacting child, and heaven is full of days in which they can experiment with electricity and steam and gunpowder.

"Santa Claus, not the doctor or the undertaker, is the Christmas saint," as one state firewarden suggests. The wording of the suggestion may be grewsome, but the spirit of it is the very spirit of Christmas, for it is a plea for the safety and happiness of little children.

DREADNAUGHTS READY FOR BIG GAME

Washington sportdom is scheduled for a setback and it will happen Sunday when the Super-Dreadnaughts take a cruise to Washington to face the Rex Athletic Club in a contest which is predicted to be one of the "nifty-est" exhibitions of football ever staged in the Capital City. Both teams have undergone a week's severe practice and are in fine shape, and both expect to win, but Coach Billy Crouch has promised the Dreadnaught Club a Xmas gift and some suspect it to be championship. Anyway Sunday tells.

Everybody's going to the game so lets get in the crowd Sunday and go to Union League Park and help the boys bring home the bacon—"It's hog killing time." Lets go!

REDUCED TO PENURY, MRS. M. K. ELKINS SAYS

Washington, Dec. 11.—Mrs. Mary Kenna Elkins divorced wife of Blaine Elkins, the son of former United States Senator Stephen B. Elkins, of West Virginia, told Justice Hitz in Equity Court yesterday that she had been reduced to penury while her ex-husband is maintaining an apartment for another woman in this city who figured in the Elkins divorce proceedings last summer.

It became known yesterday for the first time that Blaine Elkins made a settlement of $120,000 in industrial Lords upon his wife at the time she was allowed an absolute divorce by Chief Justice McCoy. This sum she accepted in lieu of her dower right in the Elkins property and any further alimony. Now, she told the court, these bonds are of no value to her because the interest upon them, supposed to amount to $6,000 a year is not paid.

son of the committee of one hundred investigating the Irish question accounts of the operations of the British military forces in the Emerald Isle.

Each of the three, John J. Cadden, John Tangney and Daniel F. Crowley, told of raids in which they said they had been forced to participate as members of the constabulary and of the receipt from British commanders of orders to destroy life and property.

The commission also heard details of the killing of Lord Mayor McCurtain, of Cork, from Miss Mary MacSwiney, sister of Terence MacSwiney successor to Mayor MacCurtain; and the witness account of a military raid on a small County Clare town from P. J. Guilfoyl, of Pittsburgh, Pa.; and a description of conditions in Ireland in September as seen by Mrs. Thomas Murphy, of New York. The commission at the conclusion of yesterday's session adjourned its hearings until next Wednesday.

Tangney in his story of the British military operations characterized the "black and tans" as "the worst scum of the country."

Watch Your Coat And Hat, Judge Warns Witness

Philadelphia, Dec. 11.—Witnesses at the Court of Quarter Sessions have been instructed by Judge Audenried to bring their coats and hats to the witness stand.

Occasionally when witnesses left them behind they have been sent back after them by the jurist. Even when they say they have left their hats and coats with friends, the Judge advises them to take them along.

"When you are in the Court of Quarter sessions," said Judge Audenried, "you will have to watch your coat and hat or you might have to buy new ones."

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Fire supposed to have been of incendiary origin at 11:25 o'clock last night damaged a small one-story frame building on the north side of Franklin between Pitt and Royal streets.

As heretofore stated John Hadley Doyle and P. J. Haltigan, both of Washington, officials of the Holy Name Society will address an open meeting of that organization at 3 o'clock tomorrow night in the Lyceum Hall to which both men and women are invited.

In the account yesterday of the Players' Club Vaudeville show on Thursday evening, mention of one number on the program was omitted, and was one of the most enjoyable numbers, the violin solo by Merrill Beagle. The writer was going by the program, and made this error on account of the program numbers not being shown in sequence. Mr. Merrill is a young man of great promise in the music world, and his playing equalled that of more mature violinists.

A meeting of Alexandria Lodge No. 758 Benevolent and Protective Order of Elks, will be held at eight o'clock Monday night.

In the corporation court on December 7 a final decree for divorce was granted Paul Arshag Antranig from Ethel Maude Antranig.

Mr. Thomas P. Revelle, a prominent attorney of Seattle, Wash., formerly of this city, is spending a few days with friends in this city.

The funeral of William Sutherland took place this afternoon from Wheatley's mortuary chapel. Services were conducted by Rev. Dr. G. V. Regester, pastor of the M. E. Church South and burial was in Bethel cemetery

The regular monthly meeting of the Woman's Auxiliary to the American Legion will be held at 8 o'clock Monday evening at the chamber of commerce. A full attendance is requested.

The members of the Woman's Auxiliary of St. Paul's Parish and any others interested will please send whatever articles they have to go in the Christmas box Monday morning at 10 o'clock to the Norton Memorial.

The American Legion dance last night was well attended and dancing kept up until one o'clock

The Japanese operetta "Princess Chrysanthemum," presented by pupils of Mount Vernon school, Del Ray, last night, was a splendid performance. The teachers of the school, under the leadership of the principal, Miss Huffington, trained the scholars beautifully and the affair was a great success. The costuming was most effective.

The work of the pupils of the sewing class of St. Mary's Academy, will be on exhibition at the Academy tomorrow and the pulic is invited to inspect the results of the classes' efforts. The sewing pupils have done excellent work so far this session and will in a few days send the articles off to their homes for Christmas presents.

An automobile truck of the Chesapeake and Potomac Telephone Co., driven by Guy B. Evans and an automobile driven by Edward Chauncey collided earl ythis afternoon at the corner of King and Alfred streets. The telephone truck was considerably damaged. Occupants of both machines escaped injury.

HALF MILLION REQUEST IS LEFT SHAMOKIN MAN

Shamokin, Pa., Dec. 11.—Wealth's elusive mantle fell upon A. L. Witmer yesterday, when he received a message from a Dallas, Texas, law firm informing him that his uncle, John Kunkel, had died there, leaving him one of the beneficiaries of an estate of several million dollars. The Shamokin man's share of the estate will amount to approximately $500,000, the lawyers stated. Two children of Mr. Kunkel and another nephew are the other beneficiaries.

Kunkel went to Texas years ago, speculated in oil and amassed a fortune. He formerly resided near Lebanon. Mr. Witmer, who is manager of a local theatre, had not seen nor heard from his uncle in years.

EX-CONGRESSMAN ENDS HIS LIFE

Montezuma, Ga., Dec. 11.—Former Congressman E. B. Lewis, 65, president of the First National Bank of Montezuma and also president of the Lewis Banking Company of this city, shot and killed himself yesterday afternoon. Former Congressman Lewis was rated as one of the wealthiest men in the Georgia peach belt.

Just before Lewis shot himself he went to a hardware store adjoining the Lewis Banking Company's building, purchased a pistol, returned to his private office, ordered a visitor out of the place and then pressed the weapon against his head and pulled the trigger.

Failure of the peach crop last season and the condition of the cotton market are said to have furnished the motive for the shooting.

Sheriff Jolly, of Macon county, said last night that a letter was found in Lewis' private office, but persons who took charge of it had thus far refused to disclose the contents.

Lewis represented the Third Georgia district in Congress for six terms beginning with 1896.

Auction Sale

Public sale of Holsteins at Rockbridge Dairy Farm Wednesday, December 15 (rain or shine), on the far mof David N. Rust, Jr., located three miles east of Leesburg, Loudoun county, on the Washington Leesburg Pike and being on Goose Creek, ten minutes walk from Comober Station on the Washington and Old Dominion Railway. Car leaves Alexandria at 7:10 a. m., arriving at 9:30 o'clock. Will be met. Having decided to discontinue dairying I will offer at public auction on above date and place without reservation, my entire herd of milking Holsteins. 80 head, 16 head registered animals, 64 head high grade cows. The majority of these animals have been bred and developed right on the farm and were sired by such noted bulls as King of Butter Boy, King's Son and Soldiers Home Woodcrest Tehee. These cows are all young straight and sound and have never been forced in dairy, but simply run on blue grass pasture in summer and consumed the roughage on the farm in winter with little grain fed. Consequently they will respond immediately to heavy feeding. Some are fresh now milking well and quite a number due within thirty to sixty days. All bred to fine registered bull. The grades are well marked and will make a valuable addition to any herd. The pure breds carry some of the best blood of the breed. The cows have just passed the annual Federal test and health certificates can be issued for shipment to any state in the union. This herd is considered to be on one of the best in Northern Virginia.

Terms of sale. Three per cent off for cash or a nine months' note with satisfactory indorsement.

Lunch served on grounds.

David N. Rust, Jr. owner, 1100 H Street, Northwest, Washington, D. C.

DAYLIGHT BANDITS ROB 2 IN CROWDED STREET

New York, Dec. 11.—As two messengers employed by the C. C. Kerr Company, investment securities brokers, of 2 Rector street, turned to enter their employers' office shortly before noon yesterday, carrying $1500 for the company's payroll, which they had just obtained from bank, two men stepped up behind, each with a blackjack in hand. They wielded the weapons in unionism and both messengers went down, each from one blow.

The assailants picked up the satchel containing the money, dashed down Rector street, turned into Broadway and disappeared. The whole thing had taken place in the presence of a noon crowd on the street, but it was so methodical, so quick and so startling that no one in the crowd seemed to think of even shouting an alarm until the men had mingled with the stream of traffic on Broadway and been completely lost. A policeman two blocks away was unaware a robbery had been committed for some time.

The messengers, Alexander Ruschla and Henry Ricciardi, at no time saw their assailants and could not possibly identify them.

PARSON KISSED THE WOMEN TO SHOW BROTHERLY LOVE

Kansas City, Mo., Dec. 11.—Rev J. Pullam a negro preacher, occupied the pulpit last night of the Church of the Brotherly Love, Kansas City, Kan. After expounding on the love each Christian should bear for his fellow, Brother Pullam demonstrated by kissing the women.

Moses Phillips, an elder, not grasping Brother Pullam's viewpoint, threw a lighted lamp at the preacher, just as Mrs. Moses Phillips was about to receive an ardent smack from the parson. Brother Pullam went down.

The lamp was the only one and in the darkness the preacher escaped and complained to the police, but after Phillips had explained the provocation, he was freed."

MOB FORMS

Staunton, Va., Dec. 11.—Failure of a jury to agree on a verdict in the case of Harry Hart, negro, charged with having attacked a young white woman near here yesterday, led last night to the formation of a mob outside the jail where the negro was confined. The governor has been requested to order State troops to Staunton.

The negro was indicted early yesterday by a special grand jury called to investigate the alleged attack. Trial of the negro was held last night but the jury, after being out two hours, informed the court that it was unable to reach an agreement. The jury then was ordered locked up for the night and court adjourned until today.

The city authorities feared that when news of the jury's failure to agree became generally known the mob would increase in size and attempt to storm the jail.

Charlottesville, Dec. 11.—The Charlottesville company of the Virginia National Guard was ordered by Governor Davis last night to entrain for Staunton to guard against mob violence growing out of an alleged attack by a negro on a white girl and the failure of a jury before whom the negro was tried to reach a verdict.

The Charlottesville company, composed of 50 men and commanded by Capt. Darwin C. Dizens, will leave here today.
